

CALL FOR SELECTION OF STUDENTS PARTICIPATING IN INnetCAMPUS PROGRAM

The INnetCAMPUS program will be carried out with the financial support of the Erasmus + program of the European Commission.

It is a combined action of ONCE Foundation, as coordinator of the Project, the Artesis Plantijn University College Antwerp (Antwerp, Belgium), the University of Granada (Spain) and the University of Lisbon (Portugal).

CALL'S OBJECTIVE

It is intended for young students with disabilities who are attending Compulsory Secondary Education or High School (or their equivalents according to their country of origin) so they can learn and live first-hand the university experience. Students will stay on college campuses for five days in one of the three partner universities in: Belgium, Portugal and Spain.

This programs' goals are to prevent early school dropout, promote the access to college of young people with disabilities, promote the international mobility of this group of students, and to help European universities identify improvement opportunities on its campuses, so that they are better equipped to provide an inclusive university education, and equal opportunities for all students.

This programme allows the participation of 45 students in the European Inclusive Campus, INnetCAMPUS, funded by the Erasmus+ Programme of the European Union, where intensive programmes including academic and cultural dissemination, sports and other leisure inclusive activities will be developed. This is aimed at bringing these young people closer to the University, providing a chance to get a first-hand insight into the educational, vital and professional growth opportunities offered by university life.

The 45 positions will be distributed as follows:

- 15 positions for one week stay in the inclusive campus in the University of Lisbon Law School (Portugal): <http://www.fd.ulisboa.pt/> (From the 3rd to the 9th of July, 2016, including days of travel)
- 15 positions for one week stay in the inclusive campus in the Artesis Plantijn University College of Antwerp (Belgium): www.ap.be (From the 28th of August to 3rd of September, 2016, including days of travel)
- 15 positions for one week stay in the inclusive campus of the University of Granada (Spain): www.ugr.es (From the 24th to the 30th of July, including days of travel).

In each of the inclusive campuses they will be living together with 10 students with disabilities from other nationalities for one week (five from Belgium and five from Portugal), full board in a university dorm. They will also live with 10 more students (both with and without disabilities).

Any support, personal assistants and supervisors that the students may need will be provided by each University. Trip expenses will be covered by the project.
