

Welcome to GLC '26!

Intensive Course Coordinators: Vasco Pereira da Silva, Melanie Reid, Claas Friedrich Germelmann, Marine Toullier, Akram Frazier, Elvin Dalkiliç, Arndt Künnecke, Rosa Kim (...)

Throughout this program, you'll explore comparative and international legal studies by working in teams to tackle real global issues. In our virtual classroom, you'll build **critical** thinking skills, examine complex topics from diverse perspectives, and develop practical, informed solutions. You'll also explore the importance of cultural diversity, human rights, and the rule of law—and what it means to be a advocate/lawyer in today's global community.

Learning Outcomes:

1. Identify differences and similarities between legal systems;
2. Identify current global legal issues and evaluate the potential strengths and weaknesses of particular countries and international institutions' positions;
3. Articulate potential solutions or alternatives to global legal problems;
4. Communicate effectively and respectfully with people from other cultures, backgrounds, and ethnicities.
